RuFiDiM IV

Fourth Russian Finnish Symposium on Discrete Mathematics
Turku, Finland, May 16-19, 2017

Call for Papers

The authors are invited to submit their presentations to rufidim@utu.fi by March 15, 2017.

The submissions can be either extended abstracts or drafts, full research papers, or survey articles. Simultaneous submissions to conferences with refereed proceedings are not allowed. Selected papers will be published afterwards in a special issue of a journal, e.g. Fundamenta Informaticae.

The topics of the symposium include, but are not restricted to,

- Automata,
- Words,
- Graphs,
- Discrete dynamical systems,
- Tilings,
- Coding and information theory,

and related topics. Also papers extending the scope to other areas of discrete mathematics are welcome.
